Are you comfortable with your company's DOT Compliance and Risk Management program? How about the level of training of your truck drivers? Are you interested in saving money on insurance rates? If any of these issues catch your interest I would like to take a moment to introduce Capitol Motor Carrier Compliance to your company.

Capitol Motor Carrier Compliance provides tailor made training programs that address areas such as:

- ◆ Professional Driver Training Programs
- ◆ Driver Qualification and Proper Hiring Practices
- ◆ Safestat and it's potential impact on your company
- ◆ Reducing Risk through proper Load Securement
- ◆ Hours of Service Regulations
- ◆ Drug & Alcohol Testing
- ◆ Your driver's responsibilities contained the Federal Motor Carrier Safety Regulations
- ◆ Proper Vehicle Inspection & Maintenance practices

Unlike other companies who offer a boxed program and issue a certificate, Capitol Motor Carrier Compliance knows trucks and truck drivers. An instructor with a valid CDL license and industry experience utilizes peer training to challenge drivers to be a part of the program to identify and overcome future risk.

Capitol Motor Carrier Compliance will use Federal Motor Carrier Safety Administration information documenting your company's roadside enforcement history to implement a training program targeted to your specific needs. This information allows us to focus training on the issues that are challenging your operation and yield the highest return on your investment.

Our risk management and compliance program will help you address deficiencies, enhance operations and forge a positive relationship with insurance carriers and agents. When it comes to providing companies with the best in driver training Capitol Motor Carrier Compliance is uniquely qualified to put drivers at center stage to make a difference for their company. Capitol Motor Carrier Compliance is certified by the National Safety Council and uses the Professional Truck Driver Defensive Driver Training Program which provides an informative and interactive experience for drivers.

Capitol Motor Carrier Compliance offers over 25 years experience in transportation operations. We bring hands-on working knowledge of DOT regulations and Insurance Risk Management. Our program is unique and has been tested with high profile companies yielding positive results. Capitol Motor Carrier Compliance is trained by the United States Department of Transportation and the National Safety Council.

We are confident you will find Capitol Motor Carrier Compliance's programs to be unlike others. Please visit www.capitolmcc.com and let us show you how we can help you improve your operation.

Please call me at (781) 603-8277 if you have any questions regarding our services.

Sincerely,
Joseph M. Mokrisky
